Firebird Themed Aug 7th – 11th Ages 7-9

The dancers will bring this fairytale to life by learning the sharp movements of the Firebird, who is discovered in a garden by a golden apple tree, by a young Prince Ivan. He catches the Firebird, only to set her free as she gives the prince one of her magical feathers. Set in a garden where an evil wizard Koschei has also captured 13 princesses. Learn how Prince Ivan helps save the day with the help of the Firebird. Fluttering movements, folk dance and colorful crafts all add to the storytelling of the ballet.
